**Now Offering In-Office
Membership Plans!**

bloomingtonfamilydentalil.com

At Bloomington Family Dental, we are always looking for ways to make our dental practice better for our wonderful patients. To make that possible, we are now offering our own In-Office Membership Plan. This program is for patients who do not have a dental benefit plan from their employer or for patients who do not have an individual dental plan.

We are excited to share that, effective June 1, 2020, our dental office will offer an In-Office Membership Plan for our patients. Bloomington Family Dental will have three types of plans for preventative care to offer our patients: Adult Plan, Child Plan and Periodontal Maintenance Plan. The Adult Plan will include 2 cleanings, 2 periodic exams, one emergency exam and one set of bitewing x-rays for \$435 per year. The Child Plan will include 2 cleanings, 2 periodic exams, one Fluoride Treatment, one emergency exam and one set of bitewing x-rays for \$416 per year. The Periodontal Maintenance Plan will include 3 periodontal maintenance cleanings, 2 periodic exams, one emergency exam and one set of bitewing x-rays for \$816 per year. All three plans will save you \$50 off our regular fees!

All other dental procedures will be given a discount of 15% (if paid by cash or check) or 13% (if paid by credit card) off our regular fees.

There is no limit to how much money you can save by using the program. This program has no deductibles, no pre-authorizations, no yearly maximum and no waiting period.

We urge you to ask our staff about this program and how it may benefit you. We hope you give this serious consideration as an option to take control of your oral health and to have a discount on the dental care you have available.

This type of dental program, recommended by the American Dental Association, has been gaining popularity in other states due to its success. In Illinois, we are pleased to share that Dr. Stacey was the impetus to have the "In Office Membership Care Act" (Public Act 101-0190) created so these types of plans can be offered by dental offices like ours in this state.

It is our sincere privilege to have you as our patient and please let us know of any questions you have regarding this new program or how we may serve you better.

We look forward to continuing to provide you with the dental care you expect and deserve.

Bloomington Family Dental In-Office Membership Plan

Bloomington Family Dental is pleased to offer an In-Office Membership Program to patients currently not covered by a dental benefit plan. We want to help you prioritize your oral health, and this program allows for a complete continuation of preventative care.

If you are a new patient and interested in our Membership Plan, please come visit us for an individualized new patient consultation. You will meet our team and a customized treatment plan will be created for you. We will work with you to find the best plan for your personal continuation of preventative care needs.
